ORDER:

In the reference 1st read above, the Konaseema Institute of Medical Sciences and Research Foundation and General Hospitals (KIMS), Amalapuram Authorities have requested the Government to accord permission to draw **one lakh litres per day from the nearest Godavari canal to mitigate the drinking water needs of the patients and staff approaching the Hospital for treatment, which is passing near the Institute and** and willing to pay necessary charges to the department towards the cost of water.

2. In the 2nd read above, the Engineer-in-Chief (Irr), Water Resources Department, Vijayawada, has submitted the proposals and requested the Government to accord permission to draw one lakh liters per day i.e., 0.04 cusecs from nearest Godavari canal i.e., Old Bhatnavalli Channel to Konaseema Institute of Medical Sciences and Research Foundation and General Hospitals (KIMS), during the year except during the canal closure period, along with the usual terms and conditions as applicable.

3. Government after careful examination of the proposals of the Engineer-in-Chief (Irr), Water Resources Department, Vijayawada, hereby accord permission to **draw water to a tune of 1 (one) lakh liters per day i.e., 0.04 cusecs from nearest Godavari canal i.e., Old Bhatnavalli Channel to Konaseema Institute of Medical Sciences and Research Foundation and General Hospitals (KIMS), during the (canal running Period) year except during the canal closure period,** subject to following terms and conditions.

1. The water can be spared on the availability of water in the source canal.
2. The entire cost of construction of pump house, pipelines excavation etc., should be borne by the user only.

3. Water meters or suitable measuring devices should be installed by the Institution at their own cost to measure the water consumed and should be made available to the Department authorities and the representatives of the user shall be present at all times for inspection.
4. The Institution should pay water rate at the existing rates and subject to revision by the Government from time to time. In case of failure to pay water rate/ royalty the permission to draw water shall stand cancelled.
5. No filed bodhi or pipeline shall be taken through or along with Government and if permission accord by the Government the lease of Government land should be paid as fixed by the Government only.
6. The Institution shall obtain the prior concurrence of concerned Departments for laying pipelines crossing etc.
7. The Institution should make their own arrangements for supplementation of water in their premises only.
8. The Institution should make their own arrangements to dispose the treated effluents as per norms of Andhra Pradesh Pollution Control Board in their premises only and should obtain prior permission if any needed from Government to dispose treated effluents in the natural sources.
9. The Irrigation Department reserves the right for cancellation of the permission without assigning any reasons thereof.
10. The Irrigation Department is no way responsible for non supply of water due to any reasons.
11. The Institution must acquire the private land for installation of pumping arrangements.
12. The water drawn from the source canal, should be utilized for the purpose for which permission is granted any misuse in this regard will entail cancellation for the permission without any notice and liable for imposition of penalty.
13. The Institution should follow the Revenue Board Standing orders.
14. The Institution shall pay Security Deposit at 2.5% on ten years water charges for which permission is granted.
15. The Institution shall pay one year water charges as advance before entering into agreement.
16. The Institution should make its own arrangements for summer storage during the canal closure periods.
17. The Institution has to conclude an agreement with the concerned S.E., Irrigation Circle, Dowlaiswaram as per B.S.O.
18. A detailed plan showing the location, the intake arrangements, details of pump house, conveyance system etc., shall be furnished to the Department.
19. The Institution shall abide any other conditions laid down by the Government/ Department from time to time.
20. The Institution has to pay the water charges for the permitted quantity in advance at the start of the financial year i.e., before 10th April, every year as per B.S.O.
21. The operation of Off-Take sluice shall be under the control of Water Resources Department only.
22. Water supply will be stopped when there is lean flows in the channel.

23. The water charges are to be paid in advance for the year on Demand as per the rate fixed by the Government.
24. The firm should be given an undertaking that they will not raise any legal Complications for not supplying of water during the drought period, short fall rains and any type of unforeseen problems.
25. The firm should make its own arrangements for sufficient storage of water during non supply period.
26. The Water Resources Department is no way responsible for non supply of water due to any reasons.
27. The Department is no way responsible for any damages that may occur to the off take house during floods.
28. This Department is not responsible for any dispute that arises with neighboring industries and public and any legal matters.
29. The firm should not create any objection for improvement/Modernization works to the said Reservoir in future and they have to relocate the pumps if necessary, with their own cost.
30. The Water Resources Department reserves the right for cancellation of the permission without assigning any reasons thereof.
31. The designs must be approved by the Chief Engineer, CDO.
32. The rates would be as per industrial usage.

4. The Engineer-in-Chief (Irr), Water Resources Department, Vijayawada shall take necessary action in the matter.
